EDUCATION

The Pennsylvania State University, Eberly College of Science

Bachelor of Science in Biology

Smeal College of Business - Business certificate

National Inducted Member of Alpha Epsilon Delta

University Park, PA

Aug 2021 – Dec 2024

GPA: 3.60/4.00

RESEARCH EXPERIENCE

The Pennsylvania State University/ Andrew Patterson's Lab

University Park, PA

Sept 2023 – May 2025

- Prepared fecal, serum, and bacterial samples for NMR and LC-MS using standardized protocols to investigate metabolite-level alterations.
- Ensured sample integrity to support the investigation of host-gut bacteria interactions and their impact on human health and disease.

Taipei Medical University/ Yung-Feng Lin's Lab

Taipei, Taiwan

Summer of 2023

- Conducted experiment using *Citrus depressa*- dried peel extract in Neuro2a cells to evaluate the therapeutic effects on Alzheimer's disease- related biomarkers.
- Performed Western Blot analysis to validate biomarker expression levels and support subsequent cell viability assays.
- Prepared laboratory materials and organized experimental data into tables and graphical summaries to support interpretation of results.

ROTATION EXPERIENCE

Janine Kwapis Lab

University Park, PA

- Conducted behavioral experiment using the Object in Update Location (OUL) paradigm to evaluate memory updating in young and aged mice.
- Performed siRNA injection survival surgery targeting the dorsal hippocampus in mice.

Justin Pritchard Lab

University Park, PA

- Maintained MIA PaCa 2 and HEK293T cell lines.
- Performed growth curve analyses to evaluate cellular proliferation
- Conducted drug dose-response assays to assess therapeutic sensitivity.

Urara Hasegawa Lab

University Park, PA

- Maintained HDFn (Human Dermal Fibroblasts, neonatal) culture.
- Examined fibrin hydrogel degradation over days on fibroblast culture through confocal microscopy.

LEADERSHIP EXPERIENCE

Pennsylvania State University, Eberly College of Science

University Park, PA

Learning Assistant for Biology 110 and BIOL 230W Lab

Aug 2023 - May 2024

- Engaged in weekly collaborative discussions with the professor to review course material and actively contributed to refining content to enhance student learning experiences.

SKILLS

Language: English (Fluent); Chinese Mandarin (Native speaker)

Skills: PCR, Western Blotting, Bradford Protein Assay, Gel Electrophoresis, Cell Culture, Transfection, NMR Sample Preparation, LC-MS Sample Preparation, Mouse Behavioral Handling
